**Application for Minor Construction
Supplemental Information
Propane Tanks**

Please submit the following with the application:

1. A site plan depicting the property lines, all existing structures, and the proposed location of the tank(s) with distances between each.
2. The dimensions, volume, and color of the tank(s).
3. Propane tanks must be screened from public view. Please provide a description and size of proposed screening materials. Typical examples are fencing or lattice. Screening materials must be anchored to the ground and adequately supported.
4. Materials that will be used for the pad on which the propane tank(s) will be placed.
5. An \$85 plan check fee payable to KRCA.

Please also contact:

- The Lake County Building Division at (707) 263-2382 regarding a building permit.
- The Lake County Environmental Health Department regarding the placement of the tank in relation to the septic system, leach field, and replacement area. They can be reached at (707) 263-1164.

Questions? Contact the ACP Committee Coordinator at acp@krca.biz or (707) 277-7281.
